EZ-DRIVER® Chuck Adaptor

The EZ-Driver chuck adaptor fits any standard drill chuck.

Holds screw straight to prevent wobbling when drilling into heavy gauge steel studs.

EZ-Driver has 8 adjustable depth settings to prevent overdrive.

(616) 454-3100  www.rodenhouse-inc.com
• Fits any standard drill chuck (not recommended for use with impact drivers)

• Has depth control to prevent overdrive of screw and washer

• Reduces labor cost, especially when attaching ci to steel
