Building Wrap
Attachment

Air Barrier
Performance

THERMAL-GRIP® FLAT WASHER
Mechanical attachment of commercial building wrap and rigid foam insulation.

AIR-BARRIER PERFORMANCE
Flexible 2” dia. washer seals air barrier penetration.

LABOR-SAVING DESIGN
Can be used with Grip-Lok® Autofeed Fastening System with 2” diameter Grip-Lok® Nose Cup Adaptor

(616) 454-3100  www.rodenhouse-inc.com
• 2" diameter
• Tested in air barrier systems
• Carbon Black UV stabilizers
• Flattens on surface of insulation
• Rapid attachment using Grip-Lok® Autofeed Gun
• Flexible perimeter compresses on surface and reduces tearing
• Stiffened center "Bullseye" ring prevents fastener pull-through
• Made in USA
